PROGRAM ANNOUNCEMENT

The Teaching Excellence and Achievement (TEA) Program provides international teachers with a unique opportunity to develop greater expertise in their subject areas, enhance their teaching skills, and increase their knowledge about the United States. The TEA Program is a six-week non-degree, non-credit customized academic program including seminars on new teaching methodologies, curriculum development, lesson planning, and instructional technology. Participants also take part in a practicum in a U.S. secondary school near their host university where they work closely with U.S. teachers and teach, co-teach and present information about their home countries to U.S. students. Cultural enrichment, mentoring, and support are provided throughout the program. The international participants will travel to the United States for one of two six-week professional development programs in either spring of 2018 or fall of 2018.

After returning home, teachers who successfully complete the program will be eligible to compete for small grant awards for essential teaching materials, training for other teachers, collaborative projects between participating American schools and their home schools, and other activities that build on the exchange experience.

The TEA fellowship is fully funded and provides:
